

# MATT BRADY

## M.C. INTRODUCTION:

In today's relentless pace, where disruptive waves challenge the workplace, our next speaker holds the key to unlocking unprecedented potential. An example of triumphs and resilience, he seeks to answer the pivotal question: What can truly be achieved in today's workplace? Not merely providing answers, he delivers in a way that's fun, challenging, and genuinely unique.

For two impactful decades, Matt Brady's quest to unravel the "How" and "WHY" of the seemingly impossible has touched individuals and organisations. As Australia's premier Fire-walking and Glass-walking instructor, he goes beyond motivation, quite literally *holding your team's feet* to the fire in unlocking their potential.

From humble beginnings, Matt's entrepreneurial journey spans construction, two thriving direct sales businesses, another recognised as 'Health & Fitness Business of the Year,' and the 'National Leadership in Sport' award during an 8-year Sports Administration tenure, his journey embodies excellence.

Ladies and gentlemen, open your minds, secure your seatbelts, and put on your happy pants—because let's face it, who wouldn't want to conquer the unknown in style?

Let's give a thunderous welcome to the Igniter of Possibilities, Matt Brady
